

## **St Marys Recovery English Curriculum**

Due to significant periods of school closure children's experience in all areas of the English curriculum may be mixed. For many writing and reading confidence may be reduced and important SPaG units may have been missed or may not be fully embedded. To raise confidence and ensure no gaps in learning, we are maximising writing and reading opportunities. Teachers are using judgement and low stakes assessment (e.g. skilful questioning, quizzes and cold writing tasks) to assess and then adapt sequences of lessons to match children's knowledge and confidence levels. Where previous SPaG units have been missed, these are being incorporated into new learning sequences.
